

OBJECTIVE

I am an undergraduate student pursuing a BSc. (Hons) in Biotechnology. I am applying for a Medical Laboratory Technician (MLT) position at a hospital in Colombo. I have hands-on experience in laboratory techniques including specimen handling, basic microbiology, and instrumentation. I am detail-oriented with strong analytical skills and a commitment to maintaining quality and safety in clinical settings. My goal is to gain professional experience in a hospital laboratory environment and contribute to accurate and efficient diagnostic services. Generate a 2 lines of resume objective based on this.
